If any portion of your travel has already been reimbursed through DTS, you **should not** file a manual travel voucher.

Filing a manual travel voucher when also being paid in DTS for the same period of travel can result in overpayments, which will ultimately put you in **debt** to the United States.

If you have a DTS profile, then it is recommended that you check with your DTS administrator before filing a manual claim.

For this specific trip, are you able to file and/or have you ever filed all or any portion of this travel claim through **Defense Travel System** (DTS) ?

- **Yes**

- **No**

Help

**Back to
Main Page**

If any portion of your travel has already been reimbursed through DTS, you **should not** file a manual travel voucher.

Filing a manual travel voucher when also being paid in DTS for the same period of travel can result in overpayments, which will ultimately put you in **debt** to the United States.

If you have a DTS profile, then it is recommended that you check with your DTS administrator before filing a manual claim.
